Dear Friends of Our Journey,

So much is happening this summer, before long I will be heading out to Colorado for our annual fund raiser at Mountain View Methodist Church, can't wait to see old friends and make new ones. We continue to do local OJ presentations at churches and civic groups, let me know if your group would like to schedule one. Please take the time to remember my precious boy Phila, he died a year ago today and his Mama Mauween misses him so much. Phila's story is not unique, Phila was just one of many children that are orphans and are infected with HIV, Phila is now an angel, please help us to honor him by helping other children. They are all soooooooo special!

Phila would have been seven this past March.
